

JOEL JEREMY MARQUEZ

SENIOR SOFTWARE ENGINEER

Hi! I'm a Senior Software Engineer with more than 5 years experience in building, testing, and maintaining high quality software systems. I am passionate about software development and automation that is why I chose this career. I always try my best to be able to provide value and make an impact in this industry. I specialized in the development and testing of integrated systems and I am also an advocate of Agile practices when it comes to software development.
